team building tool for small and large groups of clients, as well as business owners, leaders, and professionals. We've been in the business of team building for 30 years and what we've learned is that a successful team is comprised of people who like each other, go the extra mile, play well together, feel valued and loved by their peers and eventually make each other far better at their careers than they were before the program. Woohoo has three groups in one of which you can launch a one-day team building event, a 3-day conference, or an 8-week training program. It's a Scavenger Hunt Game that will not only engage your teams as they hunt for items hidden in random cities, but it will also challenge them to work as a team, discover their differences, and bring the best out of each other. Woohoo also incorporates three powerful tools that will help your team to get together and become effective and authentic as an interdependent group. Woohoo allows you to conveniently assign files and collaborate with coworkers. Save time and let others see what you're working on. The Woohoo eFile sharing function has really helped us save time. It's really worked. I would highly recommend this to anyone who is interested in finding out how little time they can save on projects. Woohoo makes it super easy to share and collaborate on Word, Excel, and PowerPoint files. The Woohoo Excel b7e8fdf5c8
